

OSAP PERFORMANCE INDICATORS 2010-11 Reporting Year

- Common methodology has been used for the calculations for all program-related information provided by colleges. For example, graduate employment rates for college graduates are based on surveys conducted six months after graduation, whereas university graduate employment rates are based on surveys conducted two years after graduation.
- The data is effective as of November 2010, and will be updated annually.
- The Approved Program Sequence Code (APS) is a number assigned for each approved program by the Ministry of Training, Colleges and Universities.
- Reports for previous years can be found as follows: 2008-09 – <http://www.conestogac.on.ca/about/reports/osap0809.pdf>
2009-10 – <http://www.conestogac.on.ca/about/reports/osap0910.pdf>

The General Arts and Science program is frequently used by students who lack academic standing in specific subject areas. They enroll to achieve entrance requirements for the programs listed above. For this reason, the number in the labour force is low as the students enter their desired program after completing the General Arts and Science program.										
General Arts and Science – Diploma Option	01022	43	7	1	7	7	100.0	27	20	74.1
General Arts and Science – Aviation Option	01022	Included above			12	10	83.3	13	7	53.8

◆ Not included in survey
