

# Additional Services Available to Employers

Conestoga offers a number of services to our employer community.

## Promote Your Organization to Conestoga Students

[www.conestogac.on.ca/employers/events.jsp](http://www.conestogac.on.ca/employers/events.jsp)

### Employer Showcase

Promote employment opportunities with your organization with a table-top display or booth setup in a high-traffic area. This no-cost informal approach is an excellent way to engage and network with students.

### Employer Information Session

These special events are primarily for larger employers who recruit from a number of different programs and wish to formally present information about their organization to interested students. The Co-op office will work closely with you to plan an appropriate date, time and location based on class schedules and your availability to ensure the best possible turnout.

These free-of-charge events are promoted to students who are required to register for the session. Provision of refreshments though College catering is suggested.

### Conestoga Career/Job Fair

Connect with talented, enthusiastic students available to meet your recruitment requirements for summer, graduate and co-op employment opportunities.

In March of 2010, 67 employer organizations and more than 700 students participated in this annual event held in the Recreation Centre at Doon campus.

### Partners4Employment Career Fair and Job Fair

[www.partners4employment.ca](http://www.partners4employment.ca)

Network with students and graduates from Conestoga College, the University of Guelph, the University of Waterloo, and Wilfrid Laurier University all in one location.

The annual Career Fair (late-September) and Job Fair (early-February) events are the largest of their kind in the country!

### Advertise Your Event on Campus

Promote your recruitment event on our Events Calendar or display board. Contact our office at 519-748-5220 ext. 2298 for details.

### Co-op Student of the Year Awards

Each year, Co-op & Career Services recognizes outstanding Co-op Students at an awards ceremony held during National Co-op week in March.

Nominate your co-op student for an award by completing and submitting the Nomination Form and a Letter of Support by December 15.

[www.conestogac.on.ca/employers/coop/forms/forms.jsp](http://www.conestogac.on.ca/employers/coop/forms/forms.jsp)

These awards are made possible through the generous support of individual donations and corporate sponsorship. Please consider supporting our mission of career and employment related success for Conestoga students. Sponsors will be mentioned in all material promoting the Co-op Student of the Year event.

## Corporate Training

Conestoga has been delivering customized training to business, service and industrial organizations for over 20 years. We understand that excelling in the rapidly changing world of business presents many challenges. We offer training solutions that are reasonably priced and are designed to meet both immediate and long term needs. We provide custom designed courses, professional and experienced instructors and flexibility of delivery to both on-site and off-site locations. Clients benefit by increasing training opportunities, by meeting scheduling requirements (including shift workers), receiving guaranteed training relevant to their workplace, achieving specific training objectives faster, maximizing training investments and reducing travel and related costs. Some of our clients include Toyota Motor Manufacturing Canada, Research in Motion, COMDEV, Babcock & Wilcox and Automation Tooling System. To learn more about our Corporate Training check out our website at [www.conestogac.on.ca/corptraining](http://www.conestogac.on.ca/corptraining).

## Distance Learning

Distance Learning is the fastest growing area of training at Conestoga and provides an opportunity to further employee education and skills – with direct benefit to your organization. Conestoga offers hundreds of courses and dozens of programs through online and mixed delivery modes. Courses are of interest to employers and employees because they can be taken anytime, anywhere without travel costs. Courses are available in almost every area including general interest, trades, technology, health, business, academic upgrading and more. To learn more about Distance Learning check us out at [www.conestogac.on.ca/dl](http://www.conestogac.on.ca/dl).

## Applied Research

[www.conestogac.on.ca/research](http://www.conestogac.on.ca/research)

Conestoga Applied Research and Innovation provides applied research, development, and commercialization expertise to business, industry, and service organizations in fields consistent with our academic programs.

## Development

[www.conestogac.on.ca/alumni/giving.jsp](http://www.conestogac.on.ca/alumni/giving.jsp)

Conestoga is one of Canada's leading polytechnic institutes. For nine straight years, independent research conducted for Ontario's Ministry of Training, Colleges and Universities has shown Conestoga to be the overall number one public college.

You can be part of this success and help Conestoga remain #1 by making a donation to one of our investment priorities.
