

Be the difference.
RESPECT

Be the difference. Respect

At Conestoga we are proud to have a campus community that is respectful, welcoming and inclusive to all.

At Conestoga, **Respect** is the understanding that we share a common community and a behaviour of civility that we all value.

- We have the ability to agree and disagree civilly.
- We consider the needs and rights of all people in the college community.
- We do not allow any excuse for disrespect.

Through **leadership** and positive role modeling, we have the opportunity to **impact** our community and build a respectful environment for everyone.

Be the difference.
RESPECT

Why a Respect Campaign?

The Respect Campaign is intended to reinforce the good behaviours and attitudes already established on our campus. We encourage courtesy, respect and civility as topics of discussion among the student body on campus and hope to inspire action by providing students with the tools to act as leaders and role models of the campaign message. Some of our resources can be found on the Respect website.

What can I do?

We encourage you to be ambassadors of the Respect message in many ways, including leading respect in your everyday interactions and celebrating the differences of others.

We also invite you to join the Respect Student Committee, a committed team of Respect Ambassadors who lead Respect events on campus and encourage others to Be the difference!

To join the Respect Committee, visit the Respect website at
www.conestogac.on.ca/respect
